## **DETAILED ACTION**

### **Response to Arguments**

- a. Applicant's argument filed on 10/5/2007 with respect to claims 1-25 is acknowledged.
- b. Applicant's arguments with respect to claims 1, 3-5, 9-17, 20-25, 29-41 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 3-5, 9-17, 20-25, 29-41 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The original disclosure of the invention is silent with respect to a source radiation wherein the frequency of the said radiation varies by varying the intensity of the said source radiation and producing source radiation with a range of frequencies by varying the intensity of the said radiation source as claimed in independent claims 1 and 3, respectively. Claims 1 and 3 introduce new matter into the disclosure of the invention. Cancellation of the new matter is required in response to this Office action.
3. Any claim not specifically addressed, above, is being rejected as incorporating the deficiencies of the claims upon which it depends.

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
